Welcome to the University of Limerick

UL is committed to **improving access to higher education for adults** and we welcome applications to all of our undergraduate programmes from mature student applicants.

Mature students on full-time undergraduate programmes are typically students who commence higher education studies, for the first time, when they are aged 23 or over. Many adults choose to study in college as mature students for a variety of reasons. Some are motivated by an interest in career development or in new employment opportunities, while others are interested in their own personal development, or in fulfilling a lifelong ambition by undertaking third-level study. Whatever your own motivation, background or experience, mature students are hugely welcomed and valued by everyone in UL.

Many of you will be juggling various roles as you take on yet another one - that of mature student. Many of you will have been away from formal study for an extended period of time. Your task may appear daunting and we will do our very best to assist you by providing a supportive environment. This guide is intended as a short information guide for mature students who are thinking of returning to third-level study. It details some of the supports which are available in UL, as well as giving information on how to go about applying to UL, helping you to make an informed decision about returning to third-level education.

Again, a very warm welcome is extended to you. It is my sincerest wish that if you do decide to come to UL that your experience here will be an enriching and rewarding one, and that ultimately you will achieve your own personal goals and will enjoy an exciting and fulfilling learning journey.

RHONA MCCORMACK

Mature Student Officer

Important dates for entry in 2021

IMPORTANT DATES IN BOTH THE CAO APPLICATION & UL ASSESSMENT PROCESSES:

1

Register with CAO between **5th November 2020 and 1st February 2021**.

3

Remember to place your course choices in genuine order of preference.

5

If applying for **Nursing & Midwifery programmes**, you must apply to www.publicjobs.ie during the **first few weeks of February 2021** in order to register to sit a written assessment test for mature nursing places. *The test is usually held in mid-April. See yellow box below**

7

Late applications by mature students for some courses in UL may be made through the CAO up to **1st May 2021**. Check with the Admissions Office for programmes which accept late applications. *Note exceptions in Step 2.*

9

Mature applicants with full Leaving Certificate or relevant QQI awards, who have already made a CAO application, may amend their programme choices up to **1st July 2021**, in order to be assessed for places based solely on their Leaving Certificate points or QQI award. Mature applicants with the MSAC may amend their programme choices up to 1st July 2021 for direct entry programmes only.

11

Offers of places to mature applicants based on full QQI awards or Leaving Certificate are made at the end of July and mid-August respectively.

13

End August / early September 2021: Orientation for all first year students. Students will be notified of the relevant date for their programme.

2

Input your course choices using the 'My Application' facility **before 1st February 2021 at 5.15pm**. Note that because of assessment tests you must apply by 1st February for the following courses:

- LM089 Sport & Exercise Sciences
- LM100 Physiotherapy
- LM102 Psychology
- LM103 Paramedic Studies
- LM150 Nursing (General)
- LM152 Nursing (Mental Health)
- LM154 Nursing (Intellectual Disability)
- LM156 Midwifery

4

Post all supporting documentation to the CAO by **1st March 2021**.

6

Screening of applications and scheduling of mature student interviews, where these are held, takes place **between April and June 2021**.

8

For mature applicants who had applied by 1st February, the CAO '**change of mind**' facility may be used between **5th and 12th May 2021** to include additional UL programmes (other than programmes listed in Step 2) on your CAO list.

10

Offers of places to mature applicants are made in Round 'A' in **early July 2021**.

12

Late August 2021: UL Welcome Programme for new Mature Students who have accepted their CAO offers.

14

Early September 2021: Classes commence for all students.

* If applying for **LM089, LM100 or LM102**, you must register for the Mature Student Admissions Pathway test (MSAP) by **early February**. The test is usually held in early March.

This chart is provided as a reference guide only.

Mature Students in UL

Mature Student Office

The Mature Student Office (MSO) is part of the Student Affairs Division in UL and the work of the office is guided by a commitment to equity of access for all to third-level education. We aim to support all mature students to fully participate in your studies in UL, regardless of your background, prior educational achievements or your life circumstances. The office also acts as a guide for mature students as to how best to use the services and supports available within the University. The work and supports provided by the MSO focus primarily on supporting the transition of mature students to third-level studies and to creating an inclusive environment for mature students in UL.

Rhona McCormack
Mature Student Officer

☎ 061-213481

✉ Rhona.mccormack@ul.ie

Lucy McGrath
Office Administrator

☎ 061-202735

✉ Lucy.mcgrath@ul.ie

Our main areas of work within this transition period include:

- Offering information and advice to prospective mature students who are considering coming to UL via information sessions, outreach visits, open days and personal enquiries
- Co-ordinating and delivering the Mature Student Access Certificate
- Co-delivering the Maths for STEM Certificate with Limerick and Clare Education and Training Board
- Hosting a Welcome Programme for incoming first year mature students in August every year
- Helping mature students to avail of the wide range of learning and other supports available in the University of Limerick & connecting mature students with each other

The Mature Student Office supports mature students who are registered on full-time undergraduate programmes in UL as well as students on the Mature Student Access Certificate. It is a place where mature students can come to talk and be listened to, in a friendly and empathetic environment. The Mature Student Office is located in the Main Building on the UL campus in Room EM019a (near Eden Restaurant).

Some of the other supports we offer include:

- UL40 Mature Student Scholarship Scheme (see p32)
- Mature Student Coffee Mornings
- Regular emails to all mature students advising of relevant events, deadlines and supports

Who is considered a Mature Student?

A mature student is someone who is 23 years of age or older on 1st of January in the calendar year of entry to a full-time undergraduate programme.

What can I apply for?

Mature student applicants can apply to any of UL's programmes up to the closing date of 1st February. Individuals within the European Union must make an application through the Central Applications Office. Some programmes of study may accept applications after 1st February. Please contact the Undergraduate Admissions Office (*see below*) for further details. Individuals from countries outside of the European Union should contact the International Education Division (T: +353-61-202414 F: +353-61-213062 E: International@ul.ie)

Where can I get information on courses?

Information on all undergraduate programmes offered by UL can be found in the UL prospectus. The prospectus is available online at www.ul.ie/courses/ or contact the Undergraduate Admissions Office (T: 061-202015 <https://www.ul.ie/academic-registry/about/contact-us>) for a printed copy.

What are the entry requirements?

Each mature student application is considered on an individual basis. Academic qualifications, work and life experience, motivation and overall potential to be successful on your chosen programme of study are considered and evaluated from your written CAO application and sometimes also an interview. Mature student applicants are not assessed for places on the basis of Leaving Certificate points. However, if you have Leaving Certificate results and/or a relevant QQI Level 5/6 award, you may, if you wish, submit your application to the CAO to be considered for entry under these pathways, as well as under the mature student pathway.

As a mature student applicant, some programmes in UL do look for specific academic requirements prior to entry e.g. some Engineering programmes require mature student applicants to have higher level Leaving Certificate Mathematics, or equivalent. Please see Section 7 of this guide for further information on application and assessment criteria for individual programmes.

If you already hold a third-level qualification and wish to apply for advanced entry to UL, or if you wish to be considered for entry under UL's Recognition of Prior Learning Policy, see <https://www.ul.ie/academic-registry/transferring-another-3rd-level-institution> for further information.

How Many Mature Students are in UL?

The number of mature students starting in UL can vary from year to year. In 2019/20 there were approximately 460 mature students registered across all four years of all degree courses in UL. This equated to about 5% of all full-time undergraduate students. UL reserves up to 15% of places on fulltime undergraduate courses for mature students, however not all courses will necessarily fill these places, as some programmes are more popular than others.

When do courses start?

All full-time undergraduate programmes in UL start in September of each year. The most up to date information on the UL academic calendar is available on: www.ulsites.ul.ie/academiccalendar/

An academic year runs from early September to mid May. There are two semesters (or terms) in each academic year. Each semester lasts fifteen weeks – twelve teaching weeks, followed by one study week and then a period of two weeks when examinations are held.

What level of commitment is required?

Undergraduate programmes require a significant level of commitment from students. Full-time students can expect to have between 10 and 20 or more class contact hours per week, depending on the programme you are enrolling for. These hours can be made up of a combination of lectures, tutorials, and laboratory or other practical sessions. Classes are scheduled any time from Monday to Friday, between 9.00am and 6.00pm. Therefore students need to be available to attend classes on a full-time basis. In addition, you can expect to do supplementary reading, study, project and assignment work outside of class time.

Welcome Programme for Mature Students

The Mature Student Office hosts a Welcome Programme for mature students each year at the end of August. This programme is held over 2 days and offers incoming first year mature students the opportunity to visit the UL campus in advance of the general first year Orientation programme. You get to learn more about services and supports available to students on campus, meet with other new mature students and with key support personnel, and undertake an introduction to some key learning skills (e.g. study skills, writing skills) to kick-start your learning journey in UL.

Information for Mature Student Parents

Many of you may already be parents by the time you decide to return to third-level education or you may become a parent during your time in college. One way or the other, it is undoubtedly a significant challenge for anyone to commit to full-time study for a number of years while parenting, but hopefully you will find that it is also a rewarding and positive experience, both for you and for your children, and that you will get to connect with other mature student parents on campus.

There are many supports and services available within UL to student parents e.g. Student Health Centre, Counselling, Chaplaincy, Student Life (who manage the childcare bursary and can offer advice on social welfare entitlements), some or all of which might be relevant to you if you are already a parent or if you learn that you are to become a parent, depending on your particular need (medical, emotional, financial). More detailed advice and information is also available from sources such as Citizens Information (www.citizensinformation.ie) and the Department of Employment Affairs and Social Protection (www.gov.ie).

Some of the most relevant financial supports for mature students, including student parents, are detailed in section 6 of this Guide. These include the Back to Education Allowance, SUSI Grant, Student Assistance Fund, 1916 Bursary Fund (lone parents, in particular, are a specific sub-group considered within the 1916 Bursary Fund), and the childcare bursary from UL's Financial Aid Fund.

SILVER APPLES CRÈCHE

Silver Apples Crèche is located on the UL campus and both students and staff can apply for places in this facility on a first come first serve basis. Children can be from 13 weeks old up to school going age (5 years old). Opening hours are from 8.30am to 6pm Monday to Friday for 49 weeks in the year. The majority of places offered are full-time however they do facilitate part-time (2/3 days per week). Fees (*as of Jan 2019*) are €175 per week less any government subsidy. Students may be entitled to apply for the childcare bursary through UL Student Life (see p35 of this Guide) for further assistance with these fees. To make an enquiry please contact **E: SilverApplesCreche@ul.ie**

MOTHER AND BABY ROOM

There is a mother and baby room on campus for both staff and students who wish to feed/change their baby. The room is located in the Main Building, Room E0-010a and access is provided by UL's Human Resources Department. The Mature Student Office is happy to refer you if you wish to access this service.

BACK TO EDUCATION ALLOWANCE VS ONE PARENT FAMILY PAYMENT

If you are already on One-Parent Family Payment (OPFP) you will need to calculate whether it is more beneficial for you to apply for the Back to Education Allowance (BTEA) on returning to education or to remain on your current payment and apply for a student grant. You should factor your child/ren's age into this decision when planning for income support. If you are eligible for SUSI, you may receive the maintenance component of the SUSI grant together with your OPFP, whereas you cannot receive both BTEA and the maintenance grant simultaneously. However, if you are nearing the end of your OPFP, BTEA may be of greater benefit to you because it is paid for the duration of your programme of study. See https://www.citizensinformation.ie/en/social_welfare/social_welfare_payments/back_to_education/ for more information.

Preparatory Programmes for Mature Students

Mature Student Access Certificate

The Mature Student Access Certificate (MSAC) is a one year full-time pre-degree course designed for mature students who wish to develop or refresh key learning skills before applying directly for a degree course.

The MSAC will facilitate you to develop core skills which will be very useful to you in third-level, such as study skills and IT skills, and gives you an opportunity to study a specialist subject area such as Humanities, Science or Engineering. You also get to experience life on campus in UL as a fulltime registered student before committing to study on a four-year degree programme.

The modules offered on the programme include the following:

A. CORE MODULES

completed by all participants

1. Mathematics / Engineering Mathematics
2. Computer Skills
3. Study Skills
4. Educational Guidance

B. ELECTIVE MODULES

choose one of the modules below

1. Humanities: History, Politics & Public Administration, Sociology, English Literature;
2. Science: Biology, Chemistry & Physics;
3. Engineering: Introduction to Engineering, Manufacturing Technology and Computer Aided Design (CAD).

PROGRESSION FROM THE MATURE STUDENT ACCESS CERTIFICATE

Students who successfully complete the MSAC are guaranteed direct entry onto 17 degree programmes in UL in the Humanities, Science, Engineering and Business disciplines and to one degree programme in Mary Immaculate College. The progression opportunities available are dependent on the elective module chosen by the student on the MSAC. See below for a list of these programmes.

Students must achieve an overall QCA of 2.6 or above on the MSAC in order to secure a guaranteed place on your chosen degree programme. You also have the option of applying on a competitive basis to any other programme of your choice in UL, outside of the direct progression list.

Candidates must be at least 22 years of age, by 1st January 2021 to apply for entry in September 2021. There are no standard educational entry requirements but evidence of a motivation to progress to third-level education is desirable. Evidence of English language proficiency may be required where English is not the first language of applicants.

UL programmes to which progression is guaranteed from the MSAC:

Science and Engineering

- LM068 Food Science and Health
- LM077 Aeronautical Engineering
- LM082 Construction Management and Engineering
- LM093 Equine Science
- LM115 Chemical & Biochemical Engineering
- LM116 Engineering
- LM118 Electronic & Computer Engineering
- LM121 Computer Science
- LM122 Creative Media & Interaction Design
- LM123 Biological & Chemical Sciences
- LM125 Physics
- LM180 Certificate/Diploma in Equine Science

Arts, Humanities and Social Sciences

- LM002 Arts
- MI002 Arts (Mary Immaculate College)
- LM039 Journalism & Digital Communication
- LM040 European Studies
- BA / Diploma Arts (Evening)

Business

- LM063 Technology Management
- LM050 Business Studies

The Mature Student Access Certificate will facilitate you to develop core skills which will be very useful to you in third-level.

Maths For Stem Certificate

Leading to QQI Maths for Stem Level 5 Special Purpose Award (5S2246)

This programme is offered by the Further Education and Training Division of Limerick and Clare Education and Training Board in partnership with the University of Limerick (UL). It is designed for learners who wish to improve their competency and knowledge in mathematics particularly as it relates to work or study in the Sciences, Technology, Engineering and Mathematics (STEM) disciplines.

The Maths for STEM Certificate is recognised by UL as equivalent to Higher Level Leaving Certificate Mathematics (HLLCM) for the purposes of meeting the minimum entry maths requirement, for mature applicants, to certain degree programmes. A Merit in the Maths for STEM Certificate is deemed equivalent to a H4 in HLLCM, while a Distinction is deemed equivalent to a H3.

The course content is set out in the Award Specification for the QQI Maths for STEM Award (5S2246) (see: <https://qsearch.qqi.ie/WebPart/AwardDetails?awardCode=5S2246>). The following mathematical topics are covered:

1. Mathematical Proficiency
2. Number
3. Set Theory and Logic
4. Algebra
5. Functions and Calculus
6. Geometry and Trigonometry
7. Probability and Statistics

PROGRESSION FROM PROGRAMME

All mature-age participants in this course who wish to progress to a degree programme in UL are required to apply via the CAO by 1st February in the relevant year. Achievement of the minimum required grade in the Maths for STEM Certificate does not guarantee participants a place on a relevant degree programme. Participants will still be assessed on a competitive basis, as normal for all mature applicants to UL (see Section 7 of this Guide).

PROGRAMME DELIVERY

The course is delivered via blended learning. Classes take place in UL's Access Campus on Wednesday evenings. An additional three hours of online lecture content and materials will also be delivered each week. Participants on the course are registered learners of Limerick and Clare Education and Training Board.

Applicant requirements for entry in September 2021:

- Mature-age applicants must be aged 22 years or older by 1st January 2021.
- Hold a minimum of a Distinction in a QQI / FETAC maths award at Level 4 or a Pass in Ordinary Level Leaving Certificate Mathematics or equivalent
- Have good IT skills and good English language skills

QQI / Further Education Programmes

Completing a further education programme is another excellent way of preparing yourself academically before progressing on to a full-time degree. UL has developed a number of entry routes to the first year of 14 of our degree programmes for students who have achieved a relevant QQI award. These entry routes are to programmes in the Humanities, Nursing, Law and Business disciplines.

Further information on these QQI linked programmes is available from the Undergraduate Admissions Office at **T: 061-202015** <https://www.ul.ie/academic-registry/about/contact-us> or on <https://www.ul.ie/academic-registry/prospective-students/pathways-ul>

Other Access Courses in Limerick

Both Mary Immaculate College (MIC) and Limerick Institute of Technology (LIT) also offer access courses which are designed specifically to prepare mature students for entry to third-level education. MIC offers three courses:

- Pre-University Programme
- Foundation Certificate for Mature Learners
- Teacher Education Access Programme for Mature Learners

Further information on these courses is available from the MIC Admissions Office,
T: 061-204348, E: admissions@mic.ul.ie

Limerick Institute of Technology offers one access course:

- Certificate in Transition to Higher Education (Foundation Programme)

Further information on this course is available from the LIT's Flexible Learning Department,
T: 061-293802, E: flexible@lit.ie

returning to third-level study

Making an Application

Initial steps to consider

There are a number of key steps which are advisable for mature students to undertake prior to making an application for an undergraduate programme in UL.

1. RESEARCH PROGRAMMES OF INTEREST

Have a look at the UL prospectus (available online at www.ul.ie/courses/ or request a printed copy from the Undergraduate Admissions Office **T: 061-202015**) to see the variety of programmes on offer and think about what area(s) are of most interest to you. Take time to look at the detail of programmes and not just the titles, as the information the title provides you with can be limited. Look at how a programme is structured, what subjects are taught, whether there are specific entry requirements (such as higher level Leaving Certificate Maths for Engineering programmes), and what career options are available afterwards.

If you are interested in where a particular degree may take you, have a look at the Using Your UL Degree page on the Cooperative Education & Careers Division website (www.ul.ie/cecd/students/careerservices/options).

2. EDUCATIONAL GUIDANCE

'Guidance' refers to a range of activities designed to assist people to make appropriate learning choices. It can be very useful to meet with a guidance counsellor to talk through your learning options before making your application. A guidance counsellor can help you to identify the wide range of opportunities which are open to you and can help you to consider your decision to return to third-level education from a holistic perspective e.g. Have you taken into account the kinds of support you will need at home? Have you looked at possible part-time options? Have you fully looked at the financial impact of returning to study? Have you considered study options available in different colleges?

The University of Limerick has a dedicated Careers Adviser for mature students. Patsy Ryan works with the Cooperative Education and Careers Division and may be available, outside of academic term time, to meet with or advise any prospective mature student who is considering applying to UL.

Patsy can be contacted at **T: 061-234227** or **E: patsy.ryan@ul.ie**.

Adult Education Guidance Services (AEGS) are also available in most counties in Ireland and provide guidance and information services to various designated client groups. See www.aegai.ie for contact details for your nearest service. AEGS information services are generally open to members of the public.

3. OPEN EVENINGS & INFORMATION SESSIONS

UL hosts a number of Open Days during the year. Open Days in 2020/21 will take place on Thursday 15th and Friday 16th October 2020 and Saturday 16th January 2021. Prospective mature students are encouraged to attend these events as they provide an opportunity to meet with teaching and support staff working in UL and to learn more about the various programmes on offer. Check the Mature Student Office website (www.ul.ie/mso) for further details or www.ul.ie/courses/ul-open-day.

Some evening information sessions are also offered by the Mature Student Office, usually in April, to help mature applicants to prepare for mature student interviews. Details are updated on www.ul.ie/mso.

4. COMPLETE AN ACCESS COURSE OR OTHER PROGRAMME OF STUDY

If it has been a long time since you sat your Leaving Certificate, or if you didn't complete your formal schooling when you were younger, it can be a good idea to consider doing some preparatory study before applying for a degree programme. By doing this, you will get an opportunity to build up your confidence, particularly in relation to your learning skills. It can also give you the opportunity to experience the commitment required to undertake study on a full-time basis.

Useful courses to undertake before applying for degree programmes can be third-level 'access' courses, such as UL's Mature Student Access Certificate; QQI programmes (offered by post-leaving cert colleges or adult education centres); or Leaving Certificate subjects which can be studied for either independently or through your local adult education centre or VTOS programme.

UL has also developed a number of entry routes to the first year of 14 degree programmes for students who have achieved a relevant QQI award. These entry routes are to a range of programmes in the Humanities, Nursing, Law and Business disciplines. The information on the linked programmes in these disciplines may be useful to mature students who are considering undertaking some preparatory study before starting on a degree programme.

Further information on these QQI linked programmes is available from the Undergraduate Admissions office at **T: 061-202015** <https://www.ul.ie/academic-registry/about/contact-us> or on <https://www.ul.ie/academic-registry/prospective-students/pathways-ul>

5. COMPUTER SKILLS

Being comfortable using computers before you start on a degree programme will make your life so much easier! Computer skills really are 'life skills' when it comes to studying in third-level. It is highly recommended, if you do not currently have good computer skills (e.g. familiarity with using email, the internet, Word, and Excel), that you undertake a basic computer skills course before starting your degree programme as the skills you develop will be invaluable to you during your time at UL and will give you much more confidence when starting in first year.

6. LANGUAGE REQUIREMENTS

English Language Requirements:

For mature applicants for whom English is not their first language, proof of competence in the English language may be required as part of your application to UL. For full details regarding acceptable qualifications and specific English language requirements please consult the University of Limerick language centre website at www.ul.ie/languagecentre. Where assessment tests or interviews are held in English however, as part of the mature student application assessment, success in these may be deemed sufficient proof of English language competency.

Non-EU applicants to UL should apply through the International Education Office at:

T: 061-213034 E: international@ul.ie W: www.ul.ie/international

Foreign Language Requirements:

Mature applicants who are applying for programmes with a requirement to have Leaving Certificate level language, or equivalent, prior to entry, are strongly recommended to spend time improving their language skills in the year prior to entry to the degree course. This can be done by attending refresher language classes in language institutes or adult education colleges; immersing themselves in speaking the language in the country of origin; or attending social clubs or language circles where the language is spoken. Interviews for degree programmes where a language is a significant component of the course of study, will more than likely be held in the language to be studied.

7. FINANCIAL CONSIDERATIONS

Consider the financial implications of coming back to study on a full-time basis for up to four years. Further information on costs and funding are available in the next section of this guide.

How To Apply

ALL PROGRAMMES

To submit an application for consideration as a mature student, the following steps must be completed:

- Mature applicants must apply online through the Central Applications Office (CAO) by 1st February 2021.
- Mature applicants must indicate in their CAO application that they are a mature applicant. They will be then directed to an additional section of the online form for completion.
- All supporting documentation (personal statements, evidence of qualifications, employment etc) must be posted to the CAO by 1st March 2021.

See <https://www.ul.ie/academic-registry/prospective-students/applying-UL/mature-students> for full details on the supporting documentation required for different programmes.

ADDITIONAL APPLICATION REQUIREMENTS FOR SOME PROGRAMMES

- Applicants to LM038 Psychology and Sociology are required to submit an essay to the CAO as part of their supporting documentation.
- Applicants to LM089 Sports and Exercise Sciences, LM100 Physiotherapy and LM102 Psychology are required to register for the Mature Students Admissions Pathway (MSAP) test by early February each year, with the test generally taking place in early March. Further details, including test venues, are available from <https://msap-ireland.acer.org/>. Performance in this test is the only basis on which places on these programmes are allocated to mature students.
- Applicants to LM103 Paramedic Studies are required to sit an assessment test. Further information on the assessment test is available from www.ul.ie/gems/para. Interviews are also held for this programme.
- Applicants to all Nursing and Midwifery programmes must also apply to the Public Appointments Service (PAS) www.publicjobs.ie - in order to register to sit a written assessment test which PAS runs on behalf of the Nursing and Midwifery Board of Ireland. The written assessment takes place on one date only, usually in April. Performance in this test is the only basis on which places on Nursing and Midwifery programmes are allocated to mature students. Further information is available from www.nmbi.ie/Careers-in-Nursing-Midwifery/How-to-Apply/Mature-Applicants.

Late applications may be considered for some programmes up to 1st May 2021, other than for all programmes above which hold assessment tests, or programmes which receive a sufficient number of applications by 1st February.

Non-EU applicants should contact the International Education Division
T: +353-61-213034 F: +353-61-213062 E: international@ul.ie

Writing a Personal Statement

Some, but not all, programmes require a tailored personal statement from mature student applicants. A personal statement gives you an opportunity to provide additional information on why you wish to pursue a degree programme. This is your opportunity to 'sell' yourself and to emphasise the experience and/or interests you have which are relevant to your chosen course. A personal statement is important, especially if you are applying to a competitive programme for which there is a high demand for places. In such cases, if a tailored personal statement (if specified as an application requirement) is not included with your application, you may not be short-listed for consideration. Be specific and proactively demonstrate how your experience or your interests match the course you are interested in doing.

Your personal statement should be no greater than one side of a single A4 page and cover the following areas:

1. Reasons for wishing to undertake LMXXX.
 2. Programme's potential contribution to your future career or life plans
 3. Highlight relevant experiences or skills gained through employment, voluntary work, or personal interests which have prepared you to undertake LMXXX.
 4. Your knowledge and understanding of the career area in which you are interested
 5. Any specific preparation you have undertaken in anticipation of commencing LMXXX.
- Title your document 'Personal Statement for LMXXX'
 - Ensure that you include your CAO number on your Personal Statement

How are Applications Assessed?

GENERAL ASSESSMENT INFORMATION

Mature student applications are assessed by academic staff from the programme to which you have applied. Each mature student application is considered on an individual basis. Academic qualifications, work and life experience, motivation and overall potential to be successful on your chosen programme of study are considered and evaluated from your written CAO application and sometimes also an interview. Applicants may be short-listed if the number of applications received for a particular programme is high. Please bear in mind when applying that some programmes in UL may look for specific academic requirements prior to entry e.g. some Engineering programmes will require applicants to have higher level Leaving Certificate mathematics, or equivalent. See section 7 for further information on application and interview assessment criteria.

SPECIFIC ASSESSMENT INFORMATION

In the case of **LM038 Psychology and Sociology** applicants are assessed on the essay that they include with their application, as well as on the quality of their written CAO application. For **LM089 Sports and Exercise Sciences**, **LM100 Physiotherapy** and **LM102 Psychology**, applicants are assessed based on their performance in the Mature Students Admissions Pathway (MSAP) test. The test is designed to assess a range of competencies considered important for success in higher education studies. The purpose of the test is to assess ability to understand and analyse material, to think critically about issues and to organise and express thoughts in a logical and effective way. Further details are available from msap-ie.acer.edu.au.

Applicants to **LM026 Performing Arts** are expected to undertake an interview and audition after they have submitted their application.

Applicants to **LM099 Architecture** are expected to submit a portfolio of personal work after they have submitted their application.

For **LM103 Paramedic Studies**, applicants are required to sit an assessment test and attend an interview. Further information on the assessment test is available from: www.ul.ie/gems/para.

For **LM028 Criminal Justice** and **LM029 Law Plus**, applicants will be invited to complete a written assessment in UL, prior to being short-listed for interview.

For **LM076 Product Design and Technology**, applicants who are short-listed for interview will be requested to bring a portfolio of work with them.

Can I defer my place?

A student who is offered a place may, under certain conditions, defer entry for one year. In order to defer entry, on receipt of an offer of a place from the Central Applications Office (CAO) a student should:

- Write/email immediately to the Undergraduate Admissions Office setting out reasons for the request. Mark "DEFERRED ENTRY" clearly on the envelope/ message line.
- The letter/email must arrive in the Undergraduate Admissions Office, at least two days before the "Reply Date" shown on the Offer Notice. Please quote your name, CAO number and course in the letter/email.
- Applicants should not accept the offer through the CAO.
- In order to take up the deferred place, re-apply through CAO by 1st February of the succeeding year placing the deferred course as the first and only choice, and tick the deferred indicator box on the CAO application form.

A decision on the request will be communicated to the applicant.

Mature applicants who choose not to defer their offer of a place, and who apply for the same programme again in a future year, cannot be guaranteed to receive a future offer, as offers of places in any year depend, for example, on the assessment criteria applied, and the number of mature student places available on the programme that year vis-a-vis the number of applications received.

Mature Student Applications are assessed by academic staff from the relevant faculty or programme to which you have applied. Each Mature Student Application is considered on an individual basis.

Costs and Financial Supports

Programme Fees

For full-time undergraduate programmes, there are three main categories of fees which apply:

- TUITION FEES
- STUDENT CONTRIBUTION CHARGE
- STUDENT CENTRE LEVY

TUITION FEES

Tuition fees for which you are liable are based on a number of criteria including citizenship, residency, course and prior education. Typically if you are a first-time entrant to higher education, have been resident in the EU for 3 of the 5 years prior to starting your course, and you fulfil the relevant citizenship criteria, you will be deemed eligible for “free fees”, i.e. the Irish Government covers the cost of your tuition fees. Tuition fees may not be paid for students who are pursuing a second undergraduate programme, repeating a year of study or who hold a postgraduate qualification.

Further information on eligibility for the Free Fees Initiative is available on www.studentfinance.ie. Information on the tuition fees payable for UL courses is available from the UL Fees Office, **T: 061-202026**; **E: student.fees.office@ul.ie**

If you do have to pay tuition fees tax relief may be available for students on approved full-time and part-time undergraduate programmes. Programmes must be of at least two years duration. To qualify for relief, full tuition fees must be paid by the individual on his/her own behalf or on behalf of a spouse, child or person for whom the individual is the legal guardian. As claims should be made on the individual's tax return to the Revenue Commissioners, proof of fee payment must be submitted with your claim.

STUDENT CONTRIBUTION CHARGE

All full-time undergraduate students are required to pay the Student Contribution charge, even if they are eligible for free tuition fees. This charge has been EUR3,000 for the past number of years. Eligible students may apply to the Student Universal Support Ireland (SUSI) to have this charge paid on their behalf (see Higher Education Grants section overleaf).

STUDENT CENTRE LEVY

This annual charge is EUR92 for the 2020/21 academic year and is expected to go up in increments of EUR2 per year to reflect inflation. It is payable by all students and is not covered by the SUSI Grant. This levy contributes to the development of a number of student projects. See www.ulstudentlife.ie/leave-a-legacy-project/ for more details.

Cost of Living

The cost of living associated with being a full-time student very much depends on your individual circumstances. Typical costs can include rent, utilities, food, travel, books and materials, clothes, medical costs and social costs. As a mature student you may need to also factor in additional costs such as your mortgage, childcare costs, family support costs and so on.

It is strongly advisable that you spend some time working out the potential costs associated with being a full-time student. The following website has useful tools for helping you to work out a budget based on your individual circumstances: www.nca.ie/tools-calculators.

Financial Support

There are a range of financial supports which are available for full-time undergraduate students in third-level. An excellent source of information on all of these is www.studentfinance.ie.

BACK TO EDUCATION ALLOWANCE

The Back to Education Allowance (BTEA) is a key financial support for many mature students. The BTEA allows qualifying persons (who are in receipt of certain social welfare payments) to retain those payments, subject to regular means-testing where applicable, whilst returning to full-time education in approved courses.

In general, to qualify for the BTEA participants must be aged 21 years or over, and be in receipt of specified social welfare payments for at least nine months prior to starting the first year of an approved third-level course. Persons awarded statutory redundancy under Irish legislation may have immediate access to the BTEA scheme (or within one year) of the award of the statutory redundancy, provided an entitlement to a relevant Social Welfare payment is established prior to commencing an approved course of study.

Full information on the BTEA, and on how to apply, can be obtained from your local Department of Social Protection Office or from:

www.welfare.ie/en/Pages/353_Back-to-Education-Allowance.aspx

STUDENT UNIVERSAL SUPPORT IRELAND (SUSI)

The student grant is another primary source of financial help available from the Irish State for students on full-time higher education courses. Support is available to eligible students in most colleges in Ireland as well as eligible Irish students in many colleges in Northern Ireland, the UK and other EU States.

SUSI – Student Universal Support Ireland (www.susi.ie) – is the online application system for all higher education grants for full-time students. For eligible students the grant helps with the various costs of participating in further or higher education. Students on part-time courses, access or foundation courses (in higher education institutions) and short courses are not eligible to apply for a student grant. As the grants are means-tested, family and/or personal income is a key factor that will be assessed when you apply but there are also some other conditions.

If you think you are eligible for the student grant, you do not have to wait until you receive an offer of a place or enrol in college. You should make your application as early as possible after the April opening date. You can review eligibility criteria for SUSI by using the Eligibility Reckoner on the SUSI website www.susi.ie where you can quickly and easily self-assess whether you may be entitled to a full or partial grant depending on your circumstances. You are advised to make your application as soon as possible as only when your application has been completed in full and submitted to SUSI can your eligibility for funding be determined.

The SUSI grant may cover the student contribution fee or tuition fees, if these are payable, and also possibly a maintenance grant. Students cannot receive both a maintenance grant and the BTEA.

STUDENT ASSISTANCE FUND

The Student Assistance Fund (SAF) provides financial support to full or part-time students (other than students on access programmes) who are experiencing financial difficulties while attending college. The SAF is designed to provide a source of financial support in addition to a SUSI grant and is available to help with costs such as: books and class materials, rent, heating and lighting bills, food, essential travel, childcare costs, and medical costs. This Fund is managed by the Access Office in UL.

Applications to the Fund can only be made after you register as a student in September. The Mature Student Office advises all registered mature students when this Fund opens.

The Student Assistance Fund is funded by the Irish Government and part-funded by the European Social Fund Program for Employability, Inclusion and Learning (PEIL) 2014-2020.

FINANCIAL AID FUND

In conjunction with UL Student Life and the Postgraduate Students' Union, the University administers two types of financial aid. The Financial Aid Fund is supported by gifts from UL Alumni through the UL Foundation's Alumni Annual Fund Appeal and through UL Student Capitation. This scheme is designed to help students who experience short-term financial problems. If the student qualifies for assistance, she/he will receive an interest free loan. This loan is repayable in full prior to graduation.

Additionally, student parents who are experiencing financial difficulties can apply for a Childcare Bursary to support them with their childcare/child-minder costs.

If a student is experiencing financial difficulty and wishes to apply for either type of funding, they are encouraged to contact the UL Chaplaincy Service ([email john.campion@ul.ie](mailto:john.campion@ul.ie)), the Welfare Officer in the Students Union or the Student Information and Support Coordinator, [email studentsupport@ul.ie](mailto:studentsupport@ul.ie).

FUND FOR STUDENTS WITH DISABILITIES

The Fund for Students with Disabilities allocates funding to further and higher education colleges for the provision of services and supports to full-time students with disabilities. The Fund aims to ensure that students can participate fully in their academic programmes and are not disadvantaged by reason of a disability.

You do not have to be in first year of a course to be eligible under the Fund. Application for the first time can be made on your behalf during any year of study on an approved course. A claim under the Fund is made on behalf of an eligible student by UL following an assessment of need by the Disability Support Service. Applications cannot be made directly to the Fund by students. Students with disabilities enrolled in part-time courses, access or foundation courses in higher education institutions or short courses are not eligible for consideration under the Fund.

The Fund for Students with Disabilities is funded by the Irish Government and part-funded by the European Social Fund Program for Employability, Inclusion and Learning (PEIL) 2014-2020.

SCHOLARSHIPS

Details on all scholarships available within UL are available from the UL prospectus (www.ul.ie/courses/about-ul/scholarships). The most relevant scholarships for mature students are listed below.

- **UL40 Mature Student Scholarships**

The UL40 Scholarship Scheme for mature students offers 10 scholarships, worth €2,000 each as a one-off payment, to new entrant mature students in first year of a full-time undergraduate course. Two scholarships are awarded, in order of merit, to students presenting Mature Student Access Certificate results in the calendar year of entry to their undergraduate programme. The remaining eight scholarships are awarded on a competitive basis to first year mature students. Applications can only be made after you have registered as a student in September. Application details and eligibility guidelines are circulated to all first-year mature students by the Mature Student Office.

- **1916 Bursary Fund**

The 1916 Bursary Fund, funded by the Department of Education and Skills, commemorates the centenary of 1916 as part of an overall series of measures to encourage participation and success by students from sections of society that are significantly under-represented in higher education. Bursaries worth €5,000 per annum for the duration of studies are available. Applicants must be assessed as socio-economically disadvantaged to be eligible. 20% of the 1916 Bursaries are reserved for students who are lone parents. See <https://hea.ie/funding-governance-performance/funding/student-finance/1916-bursary-fund/> for further details.

- **University of Sanctuary Bursaries**

The University of Sanctuary Bursaries offer opportunities for those from refugee and asylum-seeking communities to study at the University of Limerick, including new mature students. The bursary offers support towards the costs of higher education, including fee waivers, if applicable. If you are a new entrant to first year on any full-time undergraduate course in UL and meet the eligibility criteria (international protection applicant or have been granted international protection) please see full details on www.ul.ie/ul-university-sanctuary.

- **Uversity Higher Education Scholarships for Adult Learners**

Uversity's Scholarships are intended to unlock adult learners' potential. By providing multi-annual financial support, Uversity's Scholarships aim to remove the financial barriers to pursue a Bachelor's degree for the first time. Scholarships are not limited to particular subject areas and will enable individuals 23 years or older to complete a Bachelor's degree in one of the participating institutions in the Republic of Ireland or Northern Ireland. See www.u-versity.eu/ for further details.

Mature Student Profiles

Christy Storey

BA Economics and Sociology (2019)

It was the recession time and I felt I was a bit on autopilot with my career at the time. I had a sports diploma from New Zealand but I have always wanted to go to university and do a degree. So I decided to leave my job and I did the Mature Student Access Certificate which gave me a good grounding in basic academic skills. But when I started on the Access Cert I found it really hard because I have dyslexia - so I reached out to the Disability Office and discovered there were resources and supports there available for me. While I wouldn't say that my issues disappeared, they definitely improved because you keep working on it and there are support systems to help you.

When I decided to go to university and get a degree, I thought I was going to be a lawyer but then while on the Access Cert, I discovered that I really enjoyed sociology and that's why I decided to do a BA in Economics and Sociology. I thought my plans were all set: I was going to go into the corporate world. But then I went on my co-op (work placement) to a Youthreach school and I absolutely loved it! So you think of going somewhere with your life and you end up going somewhere else, taking another path which you love. You just have to open your mind - this is what I have learned here too. Now I have a decision to make which way to go but what's important is that doors are open for me and I have options.

If I was to give advice to anyone considering going to college as a mature student, I'd say do the Access Cert first. For me, I wasn't sure starting out if I was going to be able to handle college or even like it. The Access Cert helped because it took a lot of pressure off in the early days - you get a taste for college first and when you go on to your undergraduate degree you have your foundation in academic skills. Especially if you have a family or run your own business, the Access Cert will ease your way into the academic world. Support from home is essential to help you through and when you're here, treat university like work: come here at 9 and leave at 5 to get all your work done so you don't fall behind. There are loads of resources and supports here in UL so just be proactive: get out there, knock on the door and ask. When you come here, open your mind and you can do whatever you like - just go for it and give it your all.

Laszlo Krajcsik

Bachelor in Business Studies (2019)

When the financial crisis hit, I found myself out of work. I was unemployed for almost three years and during that time, while I knew I wanted to go back to college, I didn't know how to apply or where to look, who to get in contact with, what funding was available - all I saw were barriers. I did a short self-development course and realised that there were options for me so I went on to Limerick VTOS to bridge some gaps in my learning - there we met with staff on the Mature Student Access Certificate and I knew that was the path for me.

Although I wanted to come back to college, I hadn't done well in my Leaving Cert so I wasn't sure whether I had the skills to succeed, but on the Access Cert you go through a system where you can build up those skills slowly. The course gave me the space to learn and to conquer a big fear of mine: academic writing. It also helped me improve my vocabulary and grammar and improved my confidence to go on to do the Bachelor in Business Studies (BBS). Coming to a university environment was daunting and the Access Cert helped me to become familiar with the campus, meet people, and identify places that could help me along the way like the Writing Centre or the Maths Learning Centre, both of which I've used. It laid down the foundations for me to succeed on the degree programme. Without it, I wouldn't be here, I wouldn't have gotten past year one. The Mature Student Access Certificate was the backbone for me succeeding through my degree.

In my final year of BBS I majored in risk management and insurance. I really enjoyed the course and in particular the breath of the curriculum: you get to see everything and it opens so many opportunities for you to branch off. And while I have my major, I'm not confined to it because I've done accounting and HR and other areas. The best thing about the BBS is going out to do your work placement for nine months. This degree has given me the space to experience the actual work environment on real-life scale.

I won't deny that it has been challenging at times but being a mature student has lots of positives too as younger students looked up to us and appreciated our guidance along the way. My advice to any mature student is first to take advantage of the Mature Student Access Certificate. You don't need to know it all before you come in - thinking like that just puts barriers in your own way that may not actually even exist. Also, find out what learning supports are available for your particular discipline. And if you're going through a hard time, remember that you're never alone - there's the Counselling Service, the Peer Listeners and so on. Build up your own network of friends and take advantage of the supports on campus - then you will never be alone.

Sarah Shiners

BSc Mental Health Nursing (Current student)

I didn't do well enough in my Leaving Cert to get an offer for what I wanted so college wasn't an option for me at the time. I thought about repeating but I just wasn't ready to go back and I knew that I could always go to college as a mature student, so I decided not to stress about it. Then at 21 I had my daughter and thought, "okay well, college is out the window, now I just have to have a good job and be a mother". I started working in a nursing home, and the desire to go back to college flared up again. When I saw that I could balance working full-time and being a mom, I thought, there's no reason why I can't balance college full-time and being a mother.

Going to college is a huge transition for anybody so I'm actually really glad I waited until I was more mature. When I was younger I just wanted to travel and go out with my friends - I didn't want to go back home and study! I think you might be better off to come back as a mature student because you're more aware of what you want to do with your life and you have more experience in life in general. You know what it's like to be out working, what things you could achieve or where you want to go. I worked hard, I learned the value of money and the importance of independence. You don't have that experience at 17 years of age coming straight out of school.

Now, I'm a mom, I'm in college full-time and I work part-time - it's all manageable - and I am very lucky in that I have the support of two amazing parents. UL itself is fantastic and the campus is stunning. You also have so much you can do in between lectures - there are so many sports classes, so many clubs and societies you could join. At the same time, there are many places with little nooks and crannies around UL where you can go for a quiet moment if you need to do your study. There are lots of people you can go and talk to if you have a question and you will get an answer, and it puts your mind at ease.

My advice to any mature student is try not to stress or put yourself down. You can do it, but you have to look after yourself too: talk to people, exercise, take time out and use all the supports that UL has to offer - and you do have loads of support in UL. The lecturers are very supportive and understanding and some go that extra mile to help - many of them have children themselves so they know what it's like! A really nice side to college life as a mature student also is that I have met some amazing people who will be friends for life, regardless of any differences in our ages. For me, it was never an option to go anywhere else other than UL.
